- Keynote: "the attitude of change"
- making change happen

## PARTICIPANT FEEDBACK

*"We were able to win Ilja Grzeskowitz as keynote speaker for our BMW Financial Services dealer event and were very pleased with our choice. The cooperation with Mr. Grzeskowitz was very professional and extremely pleasant from the very beginning. In addition to the topic of change management, he was also very responsive to our industry-specific topics. Mr. Grzeskowitz inspired and carried away our guests with an exciting presentation, whereby humor was not neglected either. We would like to thank Ilja Grzeskowitz for his valuable and stimulating contribution to our event and can highly recommend him. Dear Ilja, we wish you continued success and joy in your work. Thank you again for your performance and dedication at our event."*
